

A quick and easy Rose Petal Martini Recipe

Ingredients:

You will need the following (in no particular order):

30ml Pinky Vodka (or any other Vodka of your choice)

30ml Lychee Juice

15ml Rose water

10ml Rose syrup

A dash of Lemon syrup

Method:

Add the above ingredients into a cocktail shaker, fill the shaker with ice and give it a good shake.

Strain out the drink into a martini glass, garnish with a rose petal or two, and you are good to go! Enjoy!

In case one of the guests doesn't drink you can do a basic mocktail alternative for them so you don't leave them out:

Add 10ml of Rose syrup and a few cubes of ice into an "on the rocks" glass, add soda and a dash of lemon syrup, and a rose petal or two as garnish!
