

Make your own Tomatini

Ingredients:

So due to popular demand, here is the recipe! You will need the following:

1 medium ripe tomato

2 teaspoons of white balsamic vinegar

50ml of Kettle One or Ciroc Vodka (I prefer it with Ciroc)

1 teaspoon of sugar

Ice

Method:

Muddle the tomato in the cocktail shaker, add the white balsamic vinegar, vodka, sugar and a pinch of salt. Fill the shaker with ice and give it a good shake. Then double strain the entire contents into a pre-chilled martini glass. Garnish with black pepper and a cherry tomato and serve!
